Digital SDS & Safety Reference App

1360 Hamilton Pkwy. Itasca, IL 60143 • hazcoms.com • 630-773-4402

What is Hazcom?

Hazcom is an all-inclusive mobile application available on all iOS and Android devices. This app offers a simple interface making it easy to quickly find the information you need.

The Benefits of Hazcom

Employee Safety

Internet **Not** Required

For access to SDS and other PDF based materials

Easy Management

Anything Can Happen in the Field

All of these require Safety Data Sheets for improving safety in the field:

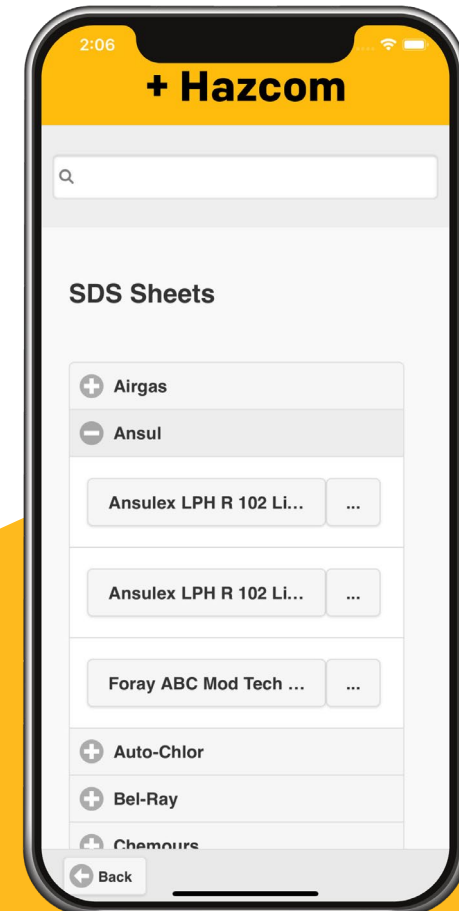

- + Chemicals
- + Oils/lubricants
- + Gases
- + Soldering/Welding Materials
- + Gas line thread sealants
- + Insulators
- + **And more!**

Safety Materials in the Palm of Your Hand

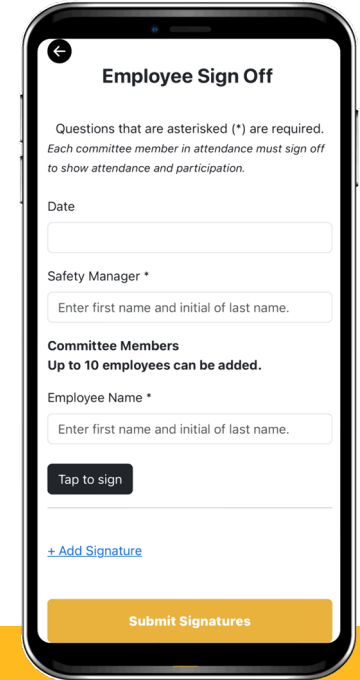

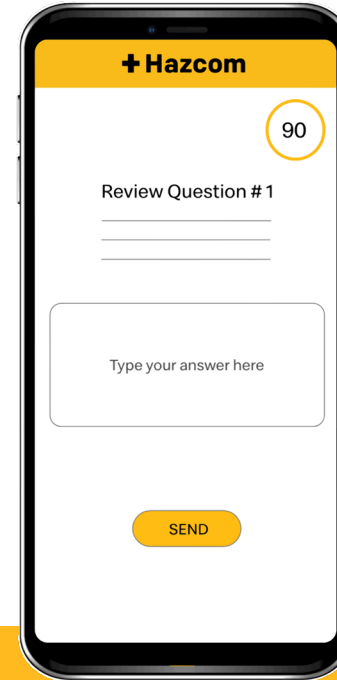

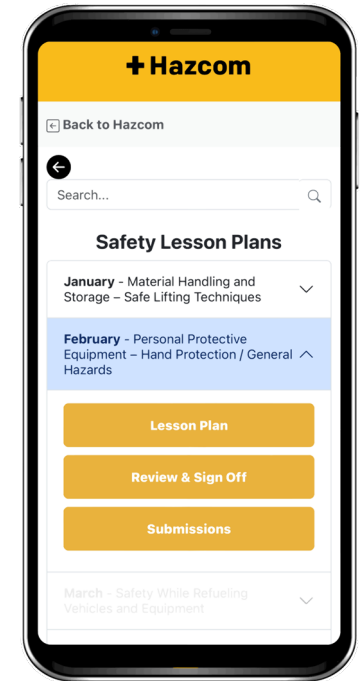

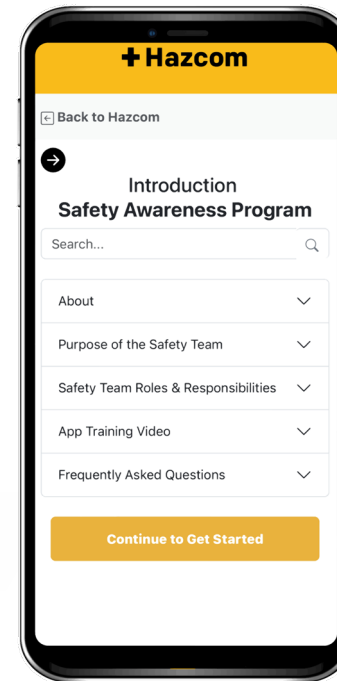

With the Hazcom app, **get quick access** to:

- + Safety Data Sheets
- + Safety Videos
- + Safety Training
- + Easy Sharing
- + Quick Access to Poison Control
- + Hazcom Safety Manual
- + Safety Tips & Best Practices
- + Quick Reference Safety Information
- + Safety Awareness Program (**SAP**)
- + **GHS** Secondary Labeling Tool

Safety Awareness Program

- + User-friendly dashboard and training library for easy navigation through trainings
- + Safety training lesson plans put together based on the specific needs of your company or organization
- + Include review questions to reinforce employee understanding of materials
- + Track employee trainings with the employee sign off tool at the end of each training

GHS Secondary Container Labeling

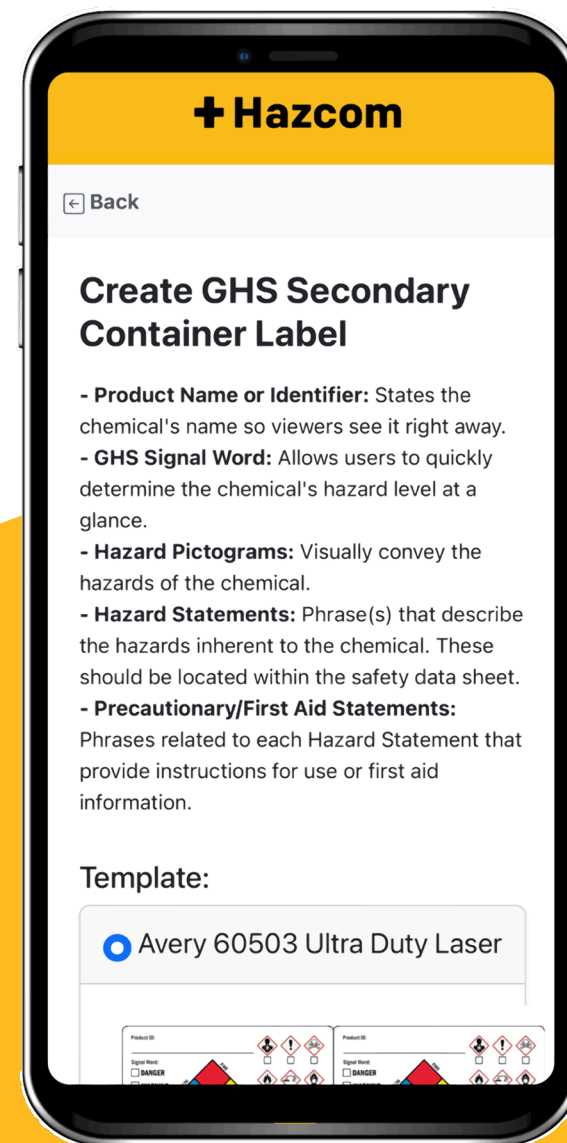

- + Customize GHS labels for your secondary containers
- + Complete a user-friendly form to distinguish product safety information
- + App uses data from the form to fill in the information on the label templates
- + Print your custom labels directly from your mobile device
